DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 02 February 2007 has been entered.

Allowable Subject Matter

2. Claims 1-42 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Claims 24-32 were previously acknowledged as allowable. In regards to claims 1, 5, and 33, as well as their dependent claims, they are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found therein, including very specifically two arms, one of which is fixed, and one of which is sliding. All of the prior art of record contains multiple fixed and sliding arms, but Applicant has adamantly argued that his invention comprises one and only one arm. All of his arguments, as well as his drawings and specification, teach only one sliding arm, and only one fixed arm, and it should be clearly understood that this exact combination is what makes this invention allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
